...giving the permanent feeling of beauty and combibrigh
at harmony of nature.

other methods

our method

WHY ARE WE THE BEST?

- Our eyebrow do not look like ugly spots
- This method is excellent, because it is very difficult to notice differences between natural eyebrow hair and drawing
- This method is infallible, because do not inclusive any mechanically parts
 - Minimum pain, swelling and irritation
 - 100 % of sterility
 - szybkie gojenie

WHY ARE WE THE BEST?

- Because our eyebrow do not look like ugly spots

In the other methods of permanent make-up, machine making drawing of eyebrow point near point. Whole eyebrow look like ugly spots

other methods

In our method we drawing single hair imitation as line, about differences thickness

our method

- The appliance of new method allows for: reconstruction and drawing eyebrow's hair, eyelid performance, to accent of lip's contour, to fill lip's colour, (the single hair drew with our method, looking like natural, real, very thin hair and it is very durable)
This method is so excellent, that is very difficult to distinguish of natural eyebrow hairs from drew eyebrow hairs
- Our method is sole, all its own in its kind, patented and all copyright legally reserved.

- 100 % of sterility
- minimum pain, swelling and irritation
- full treatment's controlling
- Infallibility, because do not inclusive any mechanically parts
- minimum or do not use concealer or retouch
- short time of wound healing

Simultaneously our method is most gentle and most simple of permanent make-up method for learning and training
